
pyutils_sh Documentation

Release "1.6.0"

Simon Ho

Aug 11, 2020

Contents:

1	Requirements	1
2	Documentation	1
3	Indices and tables	1

Assortment of Python utilities for my personal projects

1 Requirements

- All code tested with Python 3.6 on Windows.
- Minor adjustments may need to be made for Python 2.7 or other operating systems, but should mostly be OK.
- Quickest way to get a working Python installation with all the useful dependencies is to install [Anaconda](#)

2 Documentation

You can find the documentation for this package [here](#)

3 Indices and tables

- [genindex](#)
- [modindex](#)
- [search](#)
